I also preordered and play quite a lot since 27 April but now I "only" reach Pongmei Valley. Still have time to explore and do missions, quests

First of all, it doesnt really count if you transfer your original character to Faction. I started a new one and im still stuck on the freakin island. The only thing i do with my lvl20 is chest farm. Grats on beating the game so fast... was it like a 2day record?

Gawd, the Factions henchmen annoy me with their stupidity, I don't know whether I'd be able to stand doing many missions with them.

Proof:- when professor gai managed to die on a diagonal angle(WTF?), and the other healer hench (as usual) stood on top of his body for 5 mins before she resurrected him.
