Kinda sorta, what makes me proud is that I've spent only 3 days doing it A big thanks goes to [RusI] and [SoT] for helping me along the road.

I'd be ashamed to have that name and that build in the same picture.

But yeah... ok I guess... assuming you did all missions in normal groups etc.

It may just be me, but I don't think that ShazBo here knows that a good warrior will bring their own bow so they can pull the mob onto themself.

You managed to not die through the whole game. No mater your tactic, that couldn't have been easy. Congrats on that.

That said I did congratulated him and yes it is hard. And it is better that he did it with his Guild outwise I would of called him a big douche for letting others do all the work.

I was trying to attempt the same thing, but I made the mistake of doing it on my exploration monk

My first death was out in Kryta, farming the Gates of Kryta mission, heh.

She's currently @ Ring of Fire with everything prior explored and done. 367 deaths.

Thanks for the compliments folks, your appreciation means a lot to me. Here's the picture with the new character title (and, it looks like you get another Indomitable Survivor title at 587500 exp):
